RULES AND REGULATIONS

All communities need rules and regulations to ensure orderly process and equal enjoyment by all the residents. The Rules and Regulations of OceanTree Condominium Association, Inc. have been established to provide owners with a clear understanding of what is expected in condominium life and they are intended for the good of all residents within the community. It is every owner's right & responsibility to help promote adherence to our rules. It is the sincere hope that a positive atmosphere will prevail throughout the Condominium and with the view that the few will not disconcert nor inconvenience the majority.

From time to time owners or their guests will violate some of these rules. When this occurs, the violation will be documented and presented to the owner or their guest as a request for voluntary compliance. Generally, this reminder will resolve the situation. In the rare case where no resolution can be reached the Association must "resort to formal enforcement". The Condominium Act gives Florida Associations limited fining authority as a tool in the enforcement process. However, no fine can be levied unless the owner, tenant or guest has been given reasonable notice of the violation and an opportunity for a hearing before a committee of non-Board Member unit owners. No fine can exceed \$100 per day nor can the accumulated total exceed \$1000 per occurrence.

COMMON COURTESY and a concern for the others enjoyment will make the Rules basic and easy to follow. Cooperation by all residents of OceanTree Condominium will be appreciated.

ABSENCES OF UNIT OWNERS

For extended absences (more than 48 hours), owners must advise the concierge desk when leaving and provide an expected date of return. For extended absences a step by step check list covering appliances, water, air conditioning, balconies, etc. for closing the unit should be followed. The check list is available at the concierge desk. Owners should be aware that failure to turn off the main water valve upon leaving the unit could result in

water damage to their property as well as the property of others. Any damage caused by the water will be the sole responsibility of the negligent owner.

BALCONIES

1. Each resident shall keep his balcony in a good state of preservation and cleanliness and shall not allow any debris to accumulate thereon.
2. Towels, laundry lines, antennas or other unsightly articles shall not be placed on the balconies or any of the common areas at any time. Sweeping of dust, sand and debris over the edge of the balcony is prohibited. No shaking of rugs, etc. from the balconies. No cigarette butts, lighted or unlighted, are to be thrown from balconies. Please consider other residents and eliminate the possibility of fire.
3. Balconies should not be hosed off and water should not be allowed to run down to the balconies below.

7. Balconies may be tiled by the unit owner. Only ceramic tile is approved. Carpet, vinyl tile and Chattahoochee are strictly prohibited.

BICYCLES

1. Bicycles should be stored in the designated bike storage (rack) space on the first floor in the garage.
2. Bicycles may not be ridden in any building or on any walks. If storing your bike in your unit, it must be collapsible or carried into the building and down the hallway. Owners who bring their bikes into the building must use the freight elevator only to reach their floor.

Residents may place carts in the Freight Elevator and send it down to the lobby. The concierge will remove the carts from the elevator and store away but residents must advise the concierge that a cart is on the elevator.
4. Carts are not to be left in the hallways or in the elevators or stored for any length of time in a unit.
5. When transporting items in the carts, use only the freight elevator.

CARS

1. The number of cars allowed to be maintained on the property shall be equal to the number of residents in a unit who are permanent occupants of that unit and who have a valid operator's license. In no event shall the number of cars maintained on the property by the occupants of a unit exceed three (3).
2. No cars shall be stored on the property, except in the unit owner's assigned space in the garage or in a guest space on the 4th floor. A resident's car may be stored in another unit owner's assigned space in the garage with the permission of that unit owner. SALES AND LEASING OF UNITS

The Rules and Regulations concerning leases have long been a controversial subject in Florida condominiums. As a result of the many differences of opinion concerning leasing, a large body of law has been developed. The OceanTree Condominium Board of Directors has adopted the following rules with regard to the Florida law and with the best interest of the majority of owners in mind.

1. Leases on any unit in OceanTree Condominium shall be for no less than three (3) months and no more than two (2) leases on any unit shall be permitted in one

calendar year. NO EXCEPTIONS. No lease shall be for more than one (1) year. Renewals of annual leases must be submitted to the Association for approval.

2. All lessees must have a personal interview with the Association Sales/Leasing Committee and or the General Manager before approval of the lease or sale transaction. All transactions are subject to Association approval.
3. Owners forfeit their right to use the amenities during any lease period.
4. Penalty invoked for any violation of the foregoing rules shall be:
 - a. In the case of owner violation: Loss of rental privileges for a period of one year from the commencement of the lease in question.
 - b. In the case of a real estate agent, who knowingly misrepresents any contract, the loss of representing all owners for rentals for one (1) year following the date of the infringement of the rule shall be in force. Determination of the violation by the Board of Directors of OceanTree shall be considered final as cause for penalty enforcement.
5. When the unit owner is not in residence the following rules apply:
 - a. Owner must submit the approved application form for guest or lessees prior to their arrival. Telephone requests will not be honored.
 - b. If a guest stays for a period in excess of ten (10) days, then this period will be considered a lease even though there is no payment of rental monies involved; and this period will be considered as one of the two times per year the apartment is available for lease.
 - c. If the same guest stays beyond ten (10) days, the unit owner will be obligated to submit a leasing application, and be subject to the \$100 processing fee or remove the guest immediately.
 - d. The same guest, upon vacating the premises on or before the ten (10) day allowed guest period, cannot return to the same apartment as a guest for a period of thirty (30) days.
 - e. When a lessee is NOT in residence, the following rule applies:
Guest of lessees cannot occupy the unit or use the amenities unless the lessee is in residence.
6. No more than six (6) people, including children, may occupy the leased unit overnight at any time.
7. Lessees who have been in residence within the last year are not required to submit names of individuals for reference. An "in house" profile of the prospective lessee(s) would be adequate. Application processing fee is \$100.
8. Unit owners who sell their units and then immediately lease back the same or different unit are not required to submit names of individuals for reference. Their "in house" profile will be adequate. The application fee is \$100.

9. On occasion, a unit owner will attempt to gain early entrance to the unit for his lessee by stating that the lessee is a guest, and then submitting a lease application to run consecutively with the guest admittance. This is obviously a devious way to gain early admittance, and a way to shortcut our leasing procedures. Therefore, the Association takes the position that this practice is not allowed and that the lease is to be rejected.
10. A lease must be signed by all adult applicants.
11. Guests may be allowed in the unit if their names are listed on the application, or if not listed, the approval must be obtained from the Association. The same guest is not allowed to stay in the unit overnight for more than thirty (30) days in any three (3) month lease period. The immediate family of the lessee is not subject to this rule.
12. All occupants must submit an "Application for Occupancy" and submit an application fee of \$100 each.
13. All sales applications must be submitted to the Association for processing.
14. The application must be filled out completely and signed.
15. An Estoppel fee will be charged according to the Florida Statutes. This will cover the cost of administrative work in connection with estoppels, background and certificate of approval.
16. All sales applications must be signed by all purchasers.
